RE: NANC Seeks Public Input on the 2008 Performance of the  
National Pooling Administrator (PA)

RESPONSE DUE BY: January 31, 2009

The NANC seeks your input on the performance of the PA during calendar year 2008. Surveys submitted to the Numbering Oversight Working Group (NOWG) will be analyzed and used to evaluate the PA's performance last year. Please note that this is the only direct mechanism available to you by the NANC to provide input before it prepares its final evaluation of PA's performance in 2008.

The evaluation report will be reviewed with the PA, the FCC and made available to the public upon its approval by the NANC. It will reflect only aggregated responses from service providers and state regulators. Every survey response properly submitted will be provided only to the FCC, the NANC Chair and the PA. Other parties requesting to view specific individual responses must receive permission from the FCC. Respondents are encouraged to provide written comments with specific examples.

The final report of the 2008 PA Performance Evaluation will be posted on [www.nanc-chair.org](http://www.nanc-chair.org).

Please note that respondents are asked to submit only one (aggregated) survey per entity (e.g., company, agency, etc.).

Thank you for your participation in this important process.
